

Modern Industrial

KELLER Modern Loft Conversion and Professional Rustic Collection

KELLER Industrial

is a clean and classic style that incorporates elements of both traditional and modern design. Crisp lines and simplified detail work together to create visual interest. Keller Transitional is a balanced composition that is at once fresh and timeless.

Modern Industrial

kitchen is the most popular trend in kitchen design. Calm and thoughtfully collected colour, material and texture cleverly infusing Industrial and Rustic style together into an Industrial Glamour.

Interior, Design

Commercial vs. Conventional Wood, metal and glass are combined in various ways, resulting in a design that stands out with its original and contrasting personality.
